Summary

- OpenSource Experience: **Ray / KubeRay + Apache Mahout: 77+** PRs ([ray-project](#) / [Mahout](#)), **96+** PR reviews ([ray-project](#) / [Mahout](#))
- Focus areas: Distributed systems, Kubernetes operator, and GPU/CUDA performance for ML systems

Education

Yuan-Ze University

Sep 2023 – Jun 2027 (Expected)

B.S. in Electrical Engineering, GPA 3.43/4.0

OpenSource

PMC & Committer, Apache Mahout ([Link](#))

Apr 2026 – Present (Committer since Jan.2026)

- Co-Created QDP (Quantum Data Plane):** Encode classical data into quantum states using GPU-accelerated kernels ([qumat-qdp](#))
- Community leadership:** Lead community discussions, mentor contributors, host community meetings, and authored a demo paper
- AMD ecosystem development:** Initiated collaboration between AMD Taiwan, ITRI (Industrial Technology Research Institute), and Apache Mahout; lead development of AMD ecosystem support in Mahout

Contributor, Ray ([Link](#))

Feb 2025 – Present

Ray Data

- (Ongoing) **Ray Data Compute Expressions:** expand expression namespaces `.dt/.arr/.map/.image/.uri`; delivered datetime + fixed-size array support (Issue [#58674](#), PR [#58740](#), PR [#58741](#))
- Fixed DatabricksUCDatasource schema bug:** resolved `schema()` shadowing that triggered runtime errors; added regression tests (PR [#61282](#))
- Improved Ray Data reliability:** fixed flaky queue cleanup in `ActorPoolMapOperator` (PR [#58694](#))

Ray Core

- (Ongoing) **Unified RayService readiness endpoint:** design a Ray-defined worker health endpoint that unifies Raylet + Serve readiness semantics for KubeRay (Issue [#60925](#))
- GCS StoreClient async cleanup:** Status → void (PR [#55663](#))
- Split pubsub targets:** smaller Bazel targets to improve build performance (PR [#50601](#))

Contributor, KubeRay ([Link](#))

Feb 2025 – Present

- (Ongoing) **Idle termination, Remove wget Dependency, History Server metadata collect logic, History Server S3 Client Migration**
- RayJob Sidecar mode fix:** prevent head pod restart when the head pod is deleted (PR [#4234](#))
- RayService e2e:** added e2e test for `UpdateRayService` (`TestUpdateRayService`) (PR [#3446](#))
